

Drawing Amendments

Kindly add FIG. 1, as shown on the attached formal sheet of drawing(s).

Remarks

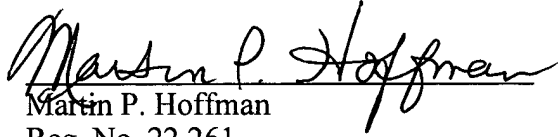

The Examiner recently indicated that the graph, or table, presented as Figure 1, on page 18, of the international application, as filed, must be presented as a formal drawing. In response, attorney for applicant encloses FIG. 1, as a formal drawing. Page 18 of the specification has been revised accordingly.

The specification has been revised on page 5 to provide a brief description of the new drawing. Page 18 has been revised to reflect the removal of Figure 1, from the text. A revised heading has been introduced on page 3 to more closely approximate U.S. practice.

No new matter is presented in the instant Amendment. The claims have not been revised. Consequently, the Amendment should be approved, as a matter of form, and the deadline for paying the issue and publication fees remains unmoved.

Respectfully submitted,
